Subject: Repeated diplomatic Incident involving the sovereignty of the state of Wonderland through unlawful actions of the Police force of the Gemeinde Emlichheim , including a request under the "Information Freiheit Gesetz " (= freedom of information act) .

Dear Members of the Rat & Verwaltung,

Sadly we have to file this second report also in English for juridical reasons. As humans we should prefer to address you in German language. The International Court of Justice in Den Hague however accepts only documents in French and English.

If anyone of you does understand English, it might explain why we didn't receive any response of you since.

As referred in the header of this letter police-officers of the Gemeinde Emlichheim have violated the sovereignty of Wonderland on the 11 th. December. In collusion with the Dutch local Police Force Coevorden they deported a Wonderland citizen and two mobile houses.

We request a copy of the documents than may solve following matters:

- 1) the (e-mail) correspondence between the Gemeine Emlichheim and the Europark Investments GMBH about Wonderland.*
- 2) the members of Rat, Verwaltung or civil servants, that were of are in any way involved in (the board of) Europark GMBH.*
- 3) notifications, decisions and (e-mail) correspondence of the major, Rat, Verwaltung considering the correspondence of Wonderland.*
- 4) competency of the major, Rat, Verwaltung to command the police force of Emlichheim to acts of deportation of Wonderland citizens.*

5) juridical permission for the above mentioned aggressive acts.

We would like to receive this documents by mail, fax or as hard copy. In case of the last option , thanks to your police force we are not be able to receive post in our country. Therefore we use an “exile mailbox” in the Kingdom of the Netherlands: Postbox 159, 5340 AD in Oss .

We still choose in line with our Constitution to solve all matters in a human way and refuse the use of threat and violence. Never the less has this violation of our sovereignty to end right away!!!

Sincerely, in behalf of the government of Wonderland.
