Subject: Follow up of the repeated Diplomatic Incident involving the sovereignty of the state of Wonderland , 12-12-15.

Dear Mr. Koenders,

Although we didn't receive any response of You or your Ministry about the repeated report of an diplomatic incident, 12-11by fax, we sadly have to announce that the brute force of German and Dutch police , has forced the council of Wonderland to go in exile to prevent our citizens for injury or prison.

In the meantime we intend to use every juridical possibility for repossessing our Land . There for we urge You to provide us with a copy of documents, referring to the "Wet Openbaarheid van Bestuur " (Freedom of Information Act).

1) The documents, responding on the correspondence with the family Beukeveld , date of fax 22-11-2010 about the severe omissions regarding the Treaty 1824 and 1960 for the border of the Kingdom of the Netherlands and the Kingdom of Hannover.

One quotation (in Dutch):

Belangrijk nu om hier in het kader van bovenstaande gegevens te herhalen zijn de harde gegevens, dat het gehele kamp Schipper-Borgbrinks inclusief de sloot, die hier om heen loopt, vanaf in ieder geval 1824 in het Koninkrijk Hannover ligt en lag en dat de grenspaal 143 vanwege het lokaal oogteverschil zich enkele voeten uit de werkelijke grens bevindt. Deze grenspaal 143 staat op het uiterst uitstekend noordoostelijk deel van deze kamp. Samengevat komen de grensstenen 142, 143 en 144 in enkelvoud voor en bevindt de sloot om de kamp van Schipper-Borgbrinks zich in het Koninkrijk Hannover.

- 3) The (e-mail) correspondence between your Office and the Provincie Drenthe, Bundesland Nieder-Sachsen and the kadaster NL/kataster GRD .*
- 4) The steps that since 2010 have been taken to solve these omissions.*

We hope to receive the urged documents within the limited timetable the law “Bestuursrecht” requires.
